In accordance with the provisions of controlling law, even notwithstanding the fact that an exemption noted above may apply, the City hereby publishes the following information:

1. Summary of the proposed ordinance (must include a statement of the public purpose, such as serving the public health, safety, morals and welfare):

This ordinance implements the schedule of fees, rates, and charges that will take effect October 1, 2025 for general government services, programs and regulations. This ordinance increases nearly all fees in the general government of Appendix A by 5%. These charges do not include utility services provided by the Gainesville Regional Utilities Authority. Historically, the city has increased fees, rates, and charges by 5% every other year, and this ordinance represents a continuation of that practice. Due to inflation, the City's cost of providing services has increased. This ordinance will enable the city to continue to provide the same level, quantity, and quality of government services and functions as it has in the past.

2. An estimate of the direct economic impact of the proposed ordinance on private, for-profit businesses in the City, if any:

- (a) An estimate of direct compliance costs that businesses may reasonably incur;
- (b) Any new charge or fee imposed by the proposed ordinance or for which businesses will be financially responsible; and
- (c) An estimate of the City's regulatory costs, including estimated revenues from any new charges or fees to cover such costs.

This ordinance increases fees, rates, and charges for adult performance establishment, escort services, and escort licenses; alcoholic beverages; building permit fees; cemetery; controlled vehicular parking area decals/permits; fire/rescue; health and sanitation; land development code; parks, recreation, and cultural affairs; peddlers, solicitors and canvassers; police; registered domestic partnerships; right-of-way (public) obstruction permits; right-of-way (public) use by utilities; secondhand goods; streets, sidewalks and other public places; taxation; traffic and motor vehicles; utilities - solid waste and recyclables; utilities - stormwater management; valet operations; and vehicles for hire. Businesses that use the services of the City or are regulated by the City in the categories listed above will incur a 5% increase compared to the current charges.

3. Good faith estimate of the number of businesses likely to be impacted by the proposed ordinance:

There are approximately 4,700 businesses registered with the City for the local business tax. However, there are additional businesses, not registered with the City, that may be impacted, such as nonprofit, religious and educational institutions that could be affected by the rate increases.

4. Additional information the governing body deems useful (if any):
