

# The Gainesville Zero Waste News

## Zero Waste Week 2025

Zero Waste Week is a week of activities, events, and gatherings designed to continue the education and outreach about Zero Waste in Gainesville and Alachua County.

It's a week jam packed with fun, education, and hopefully empowerment for you and your family. Check out the awesome schedule of events!

**3/23, from 1 – 3 p.m.** – Fixit Clinic at the Repurpose Project. Fixit clinics shows us that sometimes the best way to reduce waste is to just use – or fix – what we already have.

**3/24, from 4 – 7 p.m.** – members of the City's Zero Waste Team and representatives from Life Unplastic will be at the Grove Street Farmers Market to provide waste education tips and hand out some reusable bags to help

shoppers decrease reliance on plastic bags.

**3/25, 7 p.m.** – Cypress & Grove - Think & Drink – A public forum with the founder of Life Unplastic.

**3/27, 6 p.m.** – the Gainesville Giving Garden will host a Beginners Gardening Workshop because there's no better way to combat waste than to strengthen local food networks.

**3/28, 5 p.m.** – there will be a Composting Orientation at the Compost Cooperative Gardens.

**3/29, from 10a.m. – 12p.m.** – to close out the week strong, there will be a litter cleanup with Keep Alachua County Beautiful.

In addition to these great events, be sure to follow ZeroWasteGNV on [Facebook](#) and [Instagram](#) to stay up-to-date with any special Zero Waste Week surprises!
