

Oral Health for Overall HealthSM

Dental health directly impacts our overall health. If you have health and dental coverage with Florida Blue, you're automatically enrolled in our unique, integrated health and dental program, Oral Health for Overall Health.

If you have been diagnosed with an eligible medical condition (see chart below), you'll receive additional, condition-specific benefits, including preventive and periodontal services, outreach and education, and specialized medical care programs. Oral Health for Overall Health can help improve your overall health and possibly lower your medical and dental care costs.

Enhanced dental benefits at no additional cost

The program's benefits are valued at over \$1,000, services are covered 100% and there is no extra cost to participate.

- There are no deductibles, coinsurance or copayments when visiting a participating provider
- There are no waiting periods and the program is not subject to annual maximums

Once enrolled, you'll receive helpful information, including a number of online resources that explain the mouth-body connection, and periodic reminders to use your enhanced dental benefits.

Dental-only members or members who are pregnant can easily enroll online.

Oral Health for Overall Health can help you achieve better dental—and overall—health.

Covered Medical Conditions and Enhanced Dental Benefits	Automatic Program Enrollment	Two Additional Cleanings or Periodontal Maintenance Visits per Year	Oral Cancer Screenings Once Every 6 Months & Fluoride Treatments Once Every 3 Months	Periodontal Scaling* Covered 100% with No Out-of-Pocket Expense
