

Window/Door Size for Size Replacements

Submittals should include:

1. A set of installation instructions.
2. A filled out Florida Product Approval Form.
3. A scope of work statement (# of windows and/or doors to be replaced) with job cost.
4. A simple drawing of the building, marked with an X for the windows and doors being replaced along with any adjacent roads.

On the next page, you will find a worksheet you may use for the drawing and scope of work if you choose.

Window/Door Size for Size Replacements

Site Plan:

Show Location of windows and doors being replaced along with any adjacent roads.

Scope of Work Statement:

State the number of windows and doors being replaced along with the total job cost.
