

Wellfield Protection Permit

Date: _____

Name of Business: _____

Wellfield Zone: _____ Primary _____ Secondary _____ Tertiary (Check One)

Proposed use of building: (Attach a detailed statement regarding the use of the property, why the property should be granted a permit, and addressing each of the (8) findings listed.)

Please indicate the following: _____ Reuse of existing building _____ New construction Reuse of existing building/plan: Please attach a layout showing how the building and property will be used. All storage, display, office and parking areas must be shown. New construction: Please schedule a First Step Meeting (352) 334-5055. Afterwards, submit plans in accordance with instructions given in First Step.

After an assessment by appropriate Gainesville Regional Utilities, Alachua County Environmental, Public Works and Community Development Staff, the City Manager or designee may approve and issue a Wellfield protection permit in the tertiary and secondary zones in accordance with Article VII, Development Review Process, based on the following findings:

- (1) That the proposed use or development will not endanger the city's potable water supply.
- (2) That necessary public utilities are available to the proposed site and have adequate capacity to service the proposed use and development. The development must be connected to the potable water and wastewater system.
- (3) That the use or development conforms to the city's comprehensive plan.
- (4) That the proposed use complies with all federal, state and local laws, rules, regulations, and ordinances now and hereafter in force which may be applicable to the use of the site.
- (5) That there has been proper abandonment, as regulated by the relevant water management district or state agency, of any unused wells or existing septic tanks at the site. An existing septic tank may remain if it is used solely for domestic waste and if it meets all applicable state and local regulations.

- (6) That the use is not listed as a use subject to the specially regulated industry use provisions in Section 30-70.
- (7) There is no current proposed underground storage of petroleum products and/or hazardous material, as defined in the Alachua County Hazardous Materials Management Code, at the development site.
- (8) That the applicant is in compliance with the requirements of the Alachua County Hazardous Materials Management Code, and all applicable state and federal regulations.
