

# NW 8<sup>th</sup> Avenue Crosswalk – Coffrin Park

## CITY COMMISSION DISTRICT II

The City of Gainesville Transportation Department conducted an assessment of pedestrian and cycling accessibility to city parks and identified priority locations for the addition of crosswalks equipped with pedestrian-activated signals to enhance safety. A total of seven locations were identified and funded for implementation with Wild Spaces Public Places (WSPP) funding. The crossing was added in conjunction with the road resurfacing project to maximize the use of resources

Completion: 2025

Cost: \$72,031.50
