

Parking Garage Terms & Conditions
SW DOWNTOWN PARKING GARAGE POLICY

Permits are Non-Refundable.

It is my responsibility to purchase/renew my permit before expiration. I understand that the permit is valid only for the period of use purchased. Failure to pay the fee by the due/expiration date may result in immediate deactivation of the permit and citation enforcement.

It is my responsibility to enter my information correctly in the application, including the vehicle's license plate number. Plate number should be entered exactly as it reads, with only letters and numbers, no spaces or special characters.

- The letter O is not used in license plates – a zero (0) should be used instead.
- 1, I, L: I'll be sure to distinguish between the number one (1) and the letters I and L

If I have a parking permit directly with another entity that in turn has parking rights in the parking garage, I still agree to be bound by items listed herein, as well as the rules set forth in/by my parking permit/agreement to the extent such rules do not conflict with those herein.

I may list two vehicles on my permit but ONLY ONE will be allowed in the parking garage at any given time under the permit.

The City of Gainesville assumes no responsibility for damages, theft or personal injury while at the SW Downtown Parking Garage.

Users with paid permits will have unlimited access to the garage 24/7, unless you have a parking permit directly with another entity that in turn has parking rights in the parking garage and your parking permit/agreement stipulates differently.

I understand I may park in any space that is not time limited or reserved for another entity or purpose as designated by marking/signage.
