Occupancy Checklist

This checklist is for the occupancy or change of use (without construction) of a building within the City of Gainesville limits. The submittal must include the following items and show compliance with the current editions of the Florida Building Code, National Electrical Code, and Florida Fire Prevention Code.

GENERAL SUBMITTAL REQUIREMENTS:

<input type="checkbox"/>	PERMIT APPLICATION – Apply online at www.PermitGNV.com - Do not upload construction documents to PermitGNV. All construction documents must be submitted to ProjectDox for review, which you will receive access to <u>after</u> the permit application is applied for and paid.
<input type="checkbox"/>	SUBMITTAL QUALITY – <ul style="list-style-type: none"> • All files must be clear & legible. “Optional” details must be marked off or voided, if not used. • Plans must be drawn to scale. Minimum drawing sheet size 11"x17" - No Maximum. • All files must be orientated properly w/out requiring further rotation to read. • All drawings must be submitted as individual files. • Plans must include owner's name & project address. • File names must clearly identify the content and/or be named with the sheet number and title.
<input type="checkbox"/>	DESIGNER OF RECORD - Designer's name, signature, and license number (if applicable) must be shown on the drawings. If created by a licensed architect or engineer, the drawings and documents must be digitally signed as required by Florida Statute.

CONSTRUCTION PLANS & DOCUMENTATION:

<input type="checkbox"/>	Plans must show all of the following: <ul style="list-style-type: none"> • All rooms and areas must be clearly labeled and the dimensions shown. • Indicate the intended use of all rooms and/or areas. • Show the location and state the dimensions of all doors. Label the exit doors. <ul style="list-style-type: none"> ○ Interior door sizes are not required for community residential home floor plans. • Show the location and state the dimensions of fixed furniture, such as service counters, bars, DJ Booths, etc. • Where dining is provided, on the plans show the location and state the dimensions of the tables and chairs along with the distance between the tables.
<input type="checkbox"/>	Provide a completed Commercial Project Data form. The form is available on the City website, under Building Forms. Fill in each section and/or check all the boxes that apply.
<input type="checkbox"/>	COMMUNITY RESIDENTIAL HOMES ONLY - Provide a letter describing the number and type of clients to be housed at the facility, the services to be offered, and listing the applicable Florida Statutes and/or sections of the Florida Administrative Code that the facility will comply with. The floor plan must include the location and size of all windows in the rooms and the location of all smoke detectors and/or smoke alarms. If a fire sprinkler system does not exist in the home, a licensed fire sprinkler contractor is required to apply for a permit for the installation of the fire sprinkler system and must submit plans for review and approval prior to the issuance of the Change of Use or Occupancy Permit.
<input type="checkbox"/>	DAYCARE FACILITIES ONLY - Provide a site plan showing the building outline, parking (including cueing and drop-off spaces), and fenced outdoor play area. The floor plan shall include the size and location of all operable windows, as well as the location and type of all existing fire alarm devices. If a fire alarm system does not exist in the building, a licensed fire alarm contractor is required to apply for a permit for the installation of the fire alarm system and must submit plans for review and approval prior to the issuance of the Change of Use or Occupancy Permit.
